PROFESSIONAL SUMMARY

Software QA Engineer with 3+ years of experience in manual and automated testing. Proficient in Playwright (JavaScript/TypeScript), Selenium, Postman, and Jira. Skilled in test scripting, bug reporting, and integrating automation into GitHub Actions CI/CD pipelines. Holds certifications in cybersecurity, project management, and database fundamentals.

EXPERIENCE

Software QA Engineer

Jan 2024 – Present

Netlink Voice – Davao City

- Lead QA for the FaxEdge web application, validating functionality and performance across multiple devices and browsers
- Design and maintain automated end-to-end test suites in Playwright (JavaScript/TypeScript), integrated into GitHub Actions CI/CD to catch regressions pre-deployment
- Author and upkeep the regression test case library, streamlining release cycles
- Partner with developers to triage, reproduce, and resolve defects, shortening the bug-to-fix turnaround

Freelance Software Tester

Apr 2022 – Jan 2024

InRiver – Malmö, Sweden (Remote, Part-time/Freelance)

- Executed data validation and staging-environment testing to catch data integrity issues before production release
- Logged and tracked detailed bug reports, helping the development team prioritize and resolve high-impact defects
- Collaborated remotely with a distributed team across time zones to verify releases ahead of go-live

ICT Intern – Tech Support

Jun 2022 – Aug 2022

University of Mindanao – Davao City

- Delivered IT support and system installations for university staff, resolving hardware and software issues to minimize downtime
- Documented troubleshooting procedures to speed up resolution of recurring technical issues

Internship Trainee – Software QA

Feb 2022 – Apr 2022

Detail Online – Davao City (Hybrid)

- Validated data accuracy across hybrid QA testing cycles, flagging discrepancies before release
- Partnered with senior testers to report and track bugs through to resolution
- Built foundational skills in structured test documentation and reporting

EDUCATION

BS in Information Technology

University of Mindanao, Davao City | 2018 – 2023
